

KANSAS DEPARTMENT OF CREDIT UNIONS

Budget Summary – Agency Request

Executive Summary

The mission of the Kansas Department of Credit Unions (KDCU) is to protect Kansas citizens from undue risk by ensuring safe and sound operation of state-chartered credit unions. The agency regulates compliance with state and federal laws, conducts examinations, approves new charters and mergers, and oversees liquidation when necessary. Kansas has 44 natural-person, member-owned, state-chartered credit unions and one corporate credit union under KDCU supervision. State-chartered credit unions must insure deposits through the National Credit Union Administration (NCUA), undergo examinations at least every 18 months, and pay annual fees based on asset size. Federally chartered credit unions in Kansas operate under NCUA and are exempt from KDCU oversight. The agency is located in the Jayhawk Tower at 700 SW Jackson Street, Suite 803, in Topeka.

Budget Summary – Agency Request

Budget and Policy Snapshot

The tables below provide a selection of items that inform the agency budget request. These items include **supplemental and enhancement requests** (NEW), adjustments related to **reappropriated funds** (E), **language-only policy changes** requested for inclusion in legislation, changes in **federal or state policy** that impact agency funding, and other budgetary items.

These tables are not intended to be a comprehensive list of changes in the agency budget request. For more detail on individual fiscal year requests, please refer to the [FY 2026 Analysis](#) and [FY 2027 Analysis](#) sections later in this document.

Fee Fund Analysis

The Credit Union Fee Fund is the sole funding source for the Kansas Department of Credit Unions. Expenditures remained relatively steady in recent years. The majority of the agency's expenditure is budgeted for salaries and wages, as well as contractual services.

Fee assessments are based on the asset size of state-chartered credit unions as of March 31 each year. The Credit Union Administrator establishes annual examination fees before July 1, aligning with the NCUA's schedule while also being sufficient to cover budget needs. During FY 2023, the agency provided a one-time 30.0 percent reduction in fee assessments to offset a higher-than-normal fund balance resulting from staffing shortages and reduced travel during the COVID-19 pandemic. Fee revenues have consistently exceeded expenditures, leading to a growing fund balance.

[KSA 75-3170a\(a\)](#) provides that 90.0 percent of incoming revenues are retained by the agency and 10.0 percent are deposited into the State General Fund (SGF), up to a maximum of \$100,000 per fiscal year per fund. The National Association of State Credit Unions Supervisors (NASCUS) recommends maintaining a balance equal to one-quarter of annual expenses. Given projected carryover funds, the agency plans a one-time fee reduction in FY 2027 to maintain the fund balance at an appropriate level. Overall, the agency's current and projected balances exceed NASCUS guidelines.

5. All Other Adjustments	\$	- \$	- \$	--	
TOTAL – Agency Revised Estimate	\$	- \$ 1,769,929	\$ 1,769,929	12.0	

Approved Budget

1. 2025 SB 125

The 2025 Legislature passed, and the Governor enacted, one bill appropriating and adjusting funding for state agencies. For this agency, select appropriations include the 2025 Pay Plan, which added **\$22,244**, all from the Credit Union Fee Fund, to provide salary increases for most state employees based on the Department of Administration’s market survey.

Supplemental Requests

The agency’s revised estimate includes **\$329,769**, all from the Credit Union Fee Fund, for supplemental requests related to training, software, and salaries for FY 2026. The request is based on anticipated reductions in support from the NCUA.

The supplemental request includes funding for training and examination software that has historically been provided to state examiners by the NCUA through the Share Insurance Fund (SIF) Administrative Expenses Budget, which is approved by the NCUA Board and set on a fiscal-year basis.

The NCUA has proposed budget and staffing changes that may result in reduced participation in joint examinations, which historically have ranged from 10 to 15 examinations annually depending on institution complexity and risk. The agency reports that if NCUA participation decreases, KDCU will need additional resources to maintain its examination schedule.

The agency indicates that the increase in FY 2026 fee revenue will partially offset the supplemental request. The higher receipts are due in part to the interstate merger of Premier Members Credit Union with Meritrust Credit Union, with the resulting entity now operating as Meritrust Credit Union. MeriTrust operates as a Colorado state-chartered credit union and is classified as a “foreign credit union,” pursuant to [KSA 17-2223a](#), and is required to pay fees on assets located in Kansas in the same manner as Kansas state-chartered credit unions. MeriTrust paid a prorated share of \$256,000 in FY 2026.

KANSAS DEPARTMENT OF CREDIT UNIONS

Budget Summary – Agency Request

2. Examiner Training

The agency's request includes **\$58,000**, all from the Credit Union Fee Fund, for examiner training, contingent on the NCUA no longer providing access to its New Credit Union Examiner Training Program (STEP) and related core curriculum. Reduced federal staffing and proposed operational changes may limit training availability, and some KDCU examiners have already been placed on wait lists for upcoming sessions.

3. Examination Software

The agency requests **\$85,000**, all from the Credit Union Fee Fund, to obtain third-party examination software, contingent on the NCUA discontinuing state access to its examination software. KDCU currently uses the Modern Examination and Risk Identification Tool (MERIT), which is provided at no cost through the NCUA's Share Insurance Fund. The agency indicates that continued access is uncertain, pending a feasibility study by NCUA.

4. Examiner Salaries

The agency requests **\$186,769**, all from the Credit Union Fee Fund, to fund two vacant Financial Examiner positions at current market salary levels. Each position includes a salary of \$65,000 and benefits of \$28,385, for a total of \$93,385 per position. The agency is approved for 12.0 FTE positions. No additional FTE authority is being requested; the funding is solely to fill existing vacancies.

The agency is approved for the following positions, with the status of those positions as of September 2025 noted:

- Administrator: 1 (filled);
- Financial Examiner Administrator: 1 (filled);
- Financial Examiner: 8 (6 filled, 2 vacant – requested to be funded);
- Administrative Officer: 1 (filled); and
- Administrative Specialist: 1 (filled).

The agency reports that while it has been able to operate with six examiners, it has experienced vacancies in the past but focused on developing the current staff, enabling a more efficient operating model. The agency reports that maintaining these positions is necessary to meet statutory requirements that each credit union be examined at least once every 18 months, particularly if NCUA participation decreases.

Other Changes

5. All Other Adjustments

Absent the agency's supplemental requests, the agency's request includes a variety of other adjustments resulting in no net increase above the agency's approved budget for FY 2026.

The increase in salaries and wages (\$4,363) is primarily driven by the filling of a previously vacant Financial Examiner position and other salary adjustments. Associated benefits, including retirement and health insurance, increased accordingly. The new hire also required the addition of a vehicle (\$30,000) to support associated duties. These increases were offset by reductions in other operational expenditures, resulting in no net change in total expenditures.

KANSAS DEPARTMENT OF CREDIT UNIONS

Budget Summary – Agency Request

5. All Other Adjustments		- -	-	--	
Subtotal – Other Changes	\$	- \$ 22,244	\$ 22,244	--	
TOTAL – Agency Request	\$	- \$ 1,726,468	\$ 1,726,468	12.0	

Approved Budget

1. 2025 SB 125

[KSA 75-3717\(f\)](#) requires select agencies, of a primarily regulatory nature, to submit a budget request for an additional fiscal year at the beginning of a biennium. The Kansas Department of Credit Unions is one such biennial agency and has an approved budget for FY 2027.

Enhancement Requests

The agency's FY 2027 enhancement request totals **\$352,013**, all from the Credit Union Fee Fund, for training, software, salaries, and the Pay Plan. The request is contingent on reduced NCUA participation.

FY 2027 fee receipts are projected to total \$354,000 from MeriTrust Credit Union, reflecting its continued classification as a foreign credit union. The agency indicates that this additional revenue contributes to funding the enhancement request.

2. Examiner Training

The agency requests **\$58,000**, all from the Credit Union Fee Fund, to replace access to NCUA examiner training if federal support is unavailable. This funding is contingent on NCUA no longer providing training.

3. Examination Software

The agency requests **\$85,000**, all from the Credit Union Fee Fund, to obtain third-party examination software previously provided by NCUA. This request is contingent on the NCUA discontinuing state access to the software, ensuring KDCU can continue to complete examinations and meet statutory timelines.

KANSAS DEPARTMENT OF CREDIT UNIONS

Budget Summary – Agency Request

4. Examiner Salaries

The agency requests **\$186,769**, all from the Credit Union Fee Fund, to fill two vacant examiner positions at current market salary levels. This will allow KDCU to maintain the examination cycle and comply with the statutory requirement, pursuant to [KSA 17-2206](#).

Other Changes

5. 2025 Legislative Pay Plan

The 2025 Legislature approved salary increases for most state employees based on the Department of Administration's market survey for FY 2026. The agency request includes **\$22,244**, all from the Credit Union Fee Fund, for FY 2027 to account for an increase in expenditure limitations inadvertently omitted from the plan.

6. All Other Adjustments

Absent the agency's enhancement requests, the agency's request includes a variety of other adjustments resulting in no net increase above the agency's approved budget for FY 2027.

The increase in salaries and wages (\$70) is primarily driven by the filling of a previously vacant Financial Examiner position and other salary adjustments. Associated benefits, including retirement and health insurance, increased correspondingly. Contractual services (\$15,613) increased to account for inflation and travel requirements for eight employees, while capital outlay is estimated to decrease, primarily due to spending less than originally approved on a vehicle purchase (\$6,758). Overall, these increases were offset by reductions in other operational expenditures, resulting in no net change in total expenditures.
